Article	Pros	Cons	Useful
https://atas.net/volume-analysis/strategies-and-trading-patterns/searching-candles-patterns-and-clusters/	new indicators for short term market, clusters denote trends	cluster analysis is manual and context based, no methodology	N
https://discovery.ucl.ac.uk/id/eprint/10062933/1/ICONIP_Deep_Candlestick_Mining_update_final.pdf	more and better predictive patterns	no code, complex implementation	Y
https://trendspider.com/blog/analysis-shows-stock-prices-tend-to-cluster/	candlestick patterns are unreliable and prices tend to get clustered'	not predictive, avg price vs volume plot, long term	N
https://www.mdpi.com/2227-7390/8/5/802	adaptive candlestick patterns	main focus on comparison of different trading strategies, no code	N
https://www.mdpi.com/2079-9292/13/4/771	readymade prediction model, new paper	no code, SSA may be expensive, daily candles, stock price	Y
https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8345893/	readymade prediction model	stock price, 1-10 day windows	Y
https://www.researchgate.net/publication/353477899_Stock_Trend_Prediction_Using_Candlestick_Charting_and_Ensemble_Machine_Learning_Techniques_With_a_Novelty_Feature_Engineering_Scheme	predictive, picks the model with best predictions	low accuracy, daily candles, focus is strategy creation	Y
https://jfin-swufe.springeropen.com/articles/10.1186/s40854-020-00187-0	high accuracy in pattern recognition	does not employ clustering, prediction still manual	N
https://ieeexplore.ieee.org/document/9262356	works better for smaller time steps, relevant for all nse stocks, predictive clustering model, algorithm	accuracy still low	Y
